

Waterproofing

www.primeresins.com

Our Background

Pioneered the use of polyurethane resins for sealing cracks in concrete and helped build that market.

The first to package polyurethane grouts in an easy-to-use Quick-Mix cartridge system over **30 years ago.**

The Prime Resins Difference

Prime Resins is a leading manufacturer of chemical grouts, foams, adhesives and coatings for infrastructure repair & protection. We provide solutions for problems in leak sealing, soil stabilization, slab lifting, structural repair and coatings/secondary containment.

What sets us apart?

Technical expertise: We were the first in our field to offer 24/7 technical support.

Turnaround time: We have the fastest turnaround in the industry. Many shipments go out same business day as the order.

Training: We provide on-site training, application assistance, project consultations, and training seminars at our Head Quarters.

Great value: We offer the best combination of product performance, expertise, and experience.

Solutions focus: We work as partners with our clients to determine causes and to find remedies for your challenges. We are available before and after a purchase to answer questions and support our clients. This approach is in the DNA of the company.

Waterproofing

Waterproof Pitchmastic PmB and DeckProtect+™ coatings for various applications.

PITCHMASTIC PmB

Our **Pitchmastic PmB Bridge Deck Waterproofing System** is a high quality elastomeric system to be used either at the construction phase to achieve dramatically enhanced life-cycle efficiencies or as a rehabilitation measure to prevent future water penetration and concrete deterioration.

The **Pitchmastic PmB Structural Waterproofing System** is a two-part, hybrid polyurethane elastomer for waterproofing. The spray-applied membrane gels in seconds to provide a seamless, fully adhered barrier to ingress of water and contaminants. Applications include plaza decks, roofs, balconies, stairs, tunnels, walls and more.

The **DeckProtect+™ Car Deck Protection Systems** are a comprehensive range of hybrid cold liquid applied systems that use the most effective technologies in parking garage protection today.

All DeckProtect+ systems are designed by Pitchmastic PmB chemists to be safe and user friendly. These are available for exposed parking as well as covered decks and basement parking areas.

DECKPROTECT+ PmB

Applications

- Bridges & Culverts
- Tunnels
- Parking Garages
- Roofs
- Pools & Balconies
